

To

Mr. Garrison.

Concord N.H. 22 Jan. 1863.

Dear Friend Garrison.

16

Here a few more Excerpts
from my neighbor of the N.H. Democrat-
ic Bump & Lips. The party have
canvassed the State, & are told
very thoroughly, and put up
a most encouraging state
of things for themselves. There
were nearly sixty towns last
year, where the majorities were
less than twenty five. Probably
the contest will be very close
indeed. Drained pretty much
gives the Democracy the Governor,
but hopes the Legislature will
be saved to Republicanism.

I write partly for the sake
of the enclosed to Mr. Weld. I
gave him - all the dissections
yesterday; but to renew
them will do no harm.

Hastily, but most heartily yours,

Rollin Pillsbury.
